

LET'S MAKE GAMES!

DRAWING YOUR GAMES

GET TO THE GOAL

Classic game play of collecting the goals.

Uses directional controls and jump.

FUN TIP: try making more than 1 avatar!

Use black to draw

Floor & Walls

Use green to draw

Your Avatar

Use blue to draw

Goals

Use red to draw

Hazards

Use purple to draw

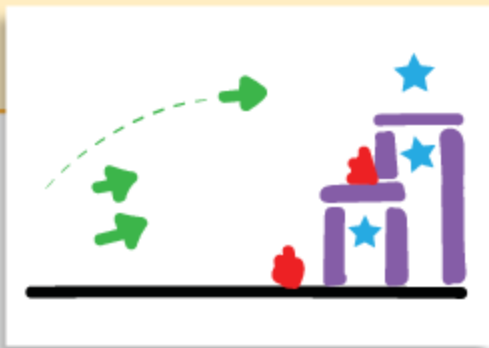

Movable

SUPER SLINGSHOT

Slingshot avatars across the screen to crush structures and collect goals.

FUN TIP: purple objects will also crush goals!

Use black to draw

Floor & Walls

Use green to draw

To turn Gravity 'OFF' go to Power-ups WORLD-Gravity

SUPERSLING SHOT

Gravity 'ON' or 'OFF'

Touch and drag your avatar back like a sling shot to launch it forward.

POWER-UPS

1. Click PAUSE from the game screen.
2. Select the POWERUPS icon.
3. Tap objects to add, edit and remove funtions.

Make Edits and Add Effects!

Games don't always work perfectly the first time, that's just part of the game design journey!

The DoodleMatic app has edits to help you trouble shoot!

SHARING YOUR GAMES

CONNECT WITH OTHERS!

NOTE: These features are locked for users under 13 years of age, unless **unlocked** by a parent or guardian as per COPPA Law. Please see note on Page 1 of this guide.

HOW TO SHARE

Enhance & win your own amazing game then share it with the world!

1. Name your game on the 'You Won' Victory Screen

2. Click the SHARE button.

This will automatically publish your game and copy a unique link to your device's clipboard.

3. Paste the link into an email, text to a friend or post on social to share your game!

SHARE THE LOVE

When you SHARE your game other users can play your game and LIKE it!

Compete with your friends to create the most LOVED games!

All SHARED games have a heart counter to track your likes!

Check MY GAMES to see your LIKES!

JOIN OR CREATE ROOMS

Connect with friends or groups in a GAME ROOM.
